Pass Holders are an important part of the Sterling Hills business model, and your participation is truly appreciated. We have noticed, however, that the 15-day early booking benefit has resulted in numerous 'no shows' and 'short shows'. We need Pass Holders to keep track of what has been booked and to let us know when a tee time or one or more slots won't be needed.

In other words, please adhere to the same 24-hour cancellation policy that all golfers are subject to.

Multiple 'no shows' or 'short shows' will result in the temporary loss of online booking privileges. Continued instances could result in suspended playing privileges and possibly even loss of Membership.

Pass Holders accept responsibility for any damage done to carts, cars, the course, all areas of the Sterling Hills building, neighboring structures and/or themselves when playing, as well as when operating or being a passenger in a golf cart.

**Pass Holders need to show their Membership Card whenever checking in for golf,
asking for range balls or purchasing merchandise.**

Pass Holders may **not** make more than **one tee time reservations per day** without management approval.

Pass Holders are expected to adhere to course policies, including no fivesomes
and no playing without checking in with the Golf Shop.

Pass Holders must return carts at the designated time. This is for their safety and that of the Sterling Hills staff as it gets dark.

No dog-walking on the course. Dogs are OK when playing, but must be on a leash.

Walking the course is OK when playing, but not otherwise.

Pass Holders are also expected to help us maintain the course by filling divots, fixing ball marks,
raking traps and picking up loose trash.

Pass Holders are discouraged from skipping around. Extra care needs to be taken so that other groups are not impacted.

Pass Holders are encouraged to communicate any issues with management.
